

# 25 YEAR CLUB

Whilst the ATA Hall of Fame seeks to honour those who have made a significant contribution to the toy industry, only a relative few can be recognised in this way. There are, however, many others who have, or will have, spent the substantial part of their working lives in toys.

To acknowledge the contribution of these people over the years, and to provide a forum for them to meet and socialise with their peers, the ATA has established the **ATA 25 Year Club**.

Membership of the club is free, and open to all who have spent a cumulative 25 years in the toy trade in any capacity, whether still working or retired. While membership is free, there may be a charge for functions to cover costs.
